60 YEARS ROTO-PACKER® THE ORIGINAL

Dear Madam or Sir

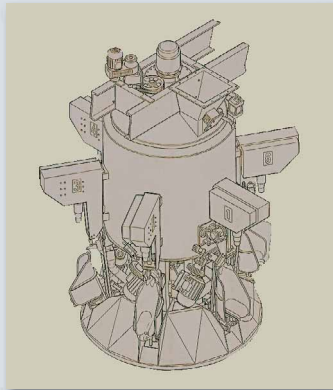

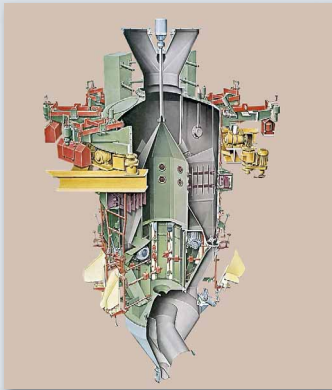

Friends and Partners of HAYER & BOECKER,

Sixty years ago the first ROTO-PACKER® left our factory here in Oelde. Since then, over 4,600 of this wonderful machine have been sold worldwide. How many bags have been filled with the original ROTO-PACKER® since then? This number will stay a secret forever. One thing is certain: the quantity is huge.

The questions in our big anniversary quiz, on the other hand, are easier to answer and so we cordially invite you and your team to take part. To access the quiz, select your language here. You'll find the participation conditions on the following page. Take part, and with a little luck you could win a free POP* Audit and a donation to a charity of your choice! You can also send us a photo of your installed ROTO-PACKER®. The oldest running machine will be awarded a special prize.

The teams of HAYER & BOECKER and BEHN + BATES, our technology for food, wish you good luck.
